

# Congratulations!

You've been randomized to Daliresp® | Roflumilast

## How to lower the cost of your study drug

### 1. Apply for a Daliresp® | Roflumilast savings card

Patients with private insurance or Medicare may be eligible for a savings card that reduces the cost of Daliresp at a pharmacy.

You can also call the manufacturer, AstraZeneca, to ask for free samples.

See [www.reliancestudy.org/savings](http://www.reliancestudy.org/savings)

**1-800-236-9933**  
Monday through Friday,  
8 am to 6 pm ET.

### 2. Shop for the best price

The same medicine can be sold at a very different price at different stores—sometimes as much as \$30 more a month! The websites shown here can help you compare store prices nearby. They also have coupons that can save you even more, if you choose to join their buying club.

Use these websites to bring down the cost of **ALL** your prescriptions, not just your study drug!

**GoodRx**  
[goodrx.com](http://goodrx.com)

**ScriptSave WellRx**  
[wellrx.com](http://wellrx.com)

**familywize**  
The smart way to save on prescriptions.  
[familywize.org](http://familywize.org)

#### For example

Variability in price\* for 30 days of Daliresp® 500 mcg using **GoodRx**

Comparison of store prices for one month of Daliresp® — \$19 difference

Comparison of store prices using a GoodRx coupon — saves \$43 to \$67 compared to non coupon prices

**RELIANCE**

# Congratulations!

You've been randomized to Daliresp® | Roflumilast

Daliresp® is the only oral drug that is FDA-approved to help treat COPD.

Daliresp® is a newer medicine that helps decrease swelling in your airways.

<b>What does it look like?</b>	 250mcg <small>ACTUAL SIZE</small>	 500mcg
<b>What kind of drug is it?</b>	Anti-inflammatory	
<b>How does it work?</b>	Reduces swelling in your lungs	
<b>What are potential benefits?</b>		
Proven safe		
Proven to reduce COPD flare-ups		
Not another inhaler		
Not a steroid		
Newer treatment		
<b>What are common side effects for a 12 month treatment?</b>	People taking Daliresp	People taking placebo
Diarrhea	<b>17%</b>	<b>6%</b>
Weight loss	<b>9%</b>	<b>3%</b>
